The Scientific Seminar

on

Respiratory Virus

organized by

Department of Pathology

Date : 27 March 2009 (Friday)

Time : 4:00pm – 5:00pm

Venue : Room 1103, 11/F Li Shu Pui Block,
Hong Kong Sanatorium & Hospital
2 Village Road, Happy Valley, Hong Kong

Speaker : Dr. Bone Tang
Clinical Microbiologist
Department of Pathology
Hong Kong Sanatorium & Hospital

Objective : Viral respiratory tract infection is the most common cause of hospitalization in children, as well as work/ school absence. In addition to the well known influenza virus, there are many other respiratory viruses that have emerged as important cause of these infections. We will briefly talk about these viruses and the new detection method as well as the recent change in management.
